Application No. 10/666381
Amendment dated November 17, 2005
After Final Office Action of September 29, 2005

Docket No.: 013176.0426D1US

REMARKS

Claims 56, 57, and 59 - 63 are pending in this application.

The Examiner has rejected claims 56, 57, and 59 - 62 under 35 USC 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which Applicants regard as the invention because of the lack of an antecedent basis for "said insulator". Claim 56 has been amended to overcome this rejection.

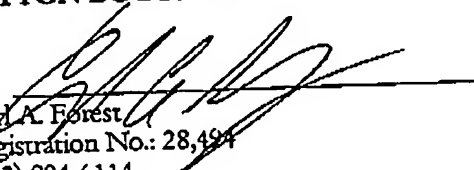

The Examiner has rejected claim 63 under 35 USC 102(e) as being anticipated by Basceri et al. (US Patent No. 6,281,142 B1). Claim 63 has been cancelled.

The indication of the allowability of claims 56, 57, and 59 - 62 is noted with appreciation.

All the requirements of the Examiner having been met, Applicants believe the pending application is in condition for allowance. Applicants believe no fee is due with this response. However, if a fee is due, please charge our Deposit Account No. 50-1848, under Order No. 013176.0426D1US from which the undersigned is authorized to draw.

Respectfully submitted,
